NCPA annual dues are not deductible as a charitable contribution for federal income tax purposes. However, in accordance with provisions of the Omnibus Budget Reconciliation Act of 1994, NCPA estimates that 75% of your membership dues are deductible under Section 152 of the Internal Revenue Code as ordinary and necessary trade or business expense. By submitting this application, I hereby agree to the NCPA Logo Use Policy available at www.ncpenet.org/logo. \$15 of membership dues is allocated to America's Pharmacist magazine subscription.

Experience the Value of the New Pharmacy NCPA Membership

[Full Name, Suffix(es)]
 [Pharmacy Name]
 [Address 1]
 [Address 2]
 [City, State ZIP]

Dear Salutation,

We are writing you today to encourage you as a pharmacist owner who (has never/formerly) held membership in NCPA, to learn more about the value that NCPA can deliver to you and your staff.

We wrote you this summer regarding a new opportunity to join NCPA at the rate of only \$435 (blank/plus \$150 for each additional store that you own). If you act today, you can join NCPA and involve up to four staff members per pharmacy location at no additional charge.

There are many things you are missing from not being an NCPA member:

- Learn through live and recorded webinars, NCPA conferences and workshops, and online/print CE.
- Read our media for news, trends, regulatory, legislative and legal issues, and COVID-19 resources.
- Use our forms and templates, staff training publications and manuals, and the Front-End Overhaul library of resources.
- Call us for professional services and personalized answers to your business/operational questions and access more than 310 years of collective pharmacy experience on staff!
- Access discounted digital pharmacy solutions, comprehensive health screenings/tests, turnkey medication synchronization programs, funding programs, and discounted takeaway boxes.
- Use the annual NCPA Digest, sponsored by Cardinal Health, to evaluate your business and measure the value you bring to patients.

Take Advantage of Our Special Introductory Offer

We want to give you a reason to act now, in addition to our new NCPA pharmacy membership, designed to save you money compared to having multiple individual members. If you join by November 15, 2020, you can get three free months of membership, basically 15 months for the cost of 12.

(over, please)

THE VOICE OF THE COMMUNITY PHARMACIST™

NCPA wants to be more accessible to you, your managers and staff by going beyond our current structure of individual memberships.

- Our research among current and non-members showed that many want a membership that allows you to share resources and train other staff to ensure that they also benefit from your NCPA pharmacy membership.
- We also found the majority of members receive far more in value than what they pay in dues. Members value our networking, advocacy, professional resources, industry information and business solutions.

Advocating Successfully for Independent Pharmacy

If that is not enough, remember that NCPA is YOUR organization, representing independent pharmacy effectively for decades. We fight battles for you and we cannot afford to lose:

- Rutledge v. PCMA is being heard at the U.S. Supreme Court to decide whether ERISA supersedes state law to regulate PBMs. 32 states supported the state brief that NCPA worked on.
- We worked with 40 states in 2019 on legislation for Medicaid Managed Care reform, PBM regulation, and pharmacist scope of practice issues.
- The House has unanimously passed two bills we supported, the Payment Commission Data Act and the Public Disclosure of Drug Discounts Act.
- We've influenced bipartisan legislation addressing your top legislative priorities including Pharmacy DIR fees, generic pricing transparency, allowing community pharmacies to participate in Part D preferred pharmacy networks; preserving patient access to compounded medications.
- In past wins, facilitating the passage of "prompt payment" requirements saved the average pharmacy \$100,000 per year. Our joint Medicaid AMP lawsuit saved pharmacies an average of \$70,000 per year.

These and other successes reflect endless hard work on your behalf. You benefit regardless of whether you pay dues, but we hope you will help join us in future efforts to protect your interests. As the press has said, "When NCPA finds something it doesn't like—which it often does in managed care—the group has been known to shout that from the rooftops, or at least through the media."

Our members note "NCPA is unafraid to take a stand, even when it is unpopular." "NCPA communicates well. Their information is current and they do a good job sharing." "Nobody does a better job representing our companies. Grassroots across country are very powerful." We invite you to ask a peer about their NCPA membership. They should give you a balanced view for how we help their business and how we can help you and your staff.

Join Now!

To access the benefits of membership, you can complete the enclosed membership application, include payment, and return them to NCPA. Join NCPA now and involve up to four staff members per pharmacy location. NCPA's membership staff will follow up with you right after you join, to identify the contacts you want to receive and access our benefits, including members-only content and resources.

We hope that you and your staff become involved in NCPA, and reap the benefits from the organization run by independent pharmacists for more than 120 years. We look forward to welcoming you and your company as a member of the NCPA community!

Sincerely,

Brian Caswell, RPh
 NCPA President

B. Douglas Hoey, Pharmacist, MBA
 NCPA Chief Executive Officer

<City, State Zip>

Dear Dr. <Lname>,

As a physician who has <PCode1> passed your RPVI exam, you clearly have a high level of expertise and commitment to the field.

Because of your dedication and expertise in the field of vascular ultrasound, we are inviting you to join the Society for Vascular Ultrasound. We know, particularly as we all address practice challenges posed by COVID-19, you will appreciate the value of SVU, an organization that provides indispensable resources, expertise, and a strong public voice for specialists in vascular, such as yourself.

SVU is a unique community—the **only** membership organization dedicated solely to advancing the profession and practice of vascular sonography.

Many well-known and respected physicians like yourself are members of SVU, because they know that there is no better way you can build your professional network, sharpen your skills, promote your lab, support your diagnostic imaging team, and boost your professional profile.

**To welcome you to SVU, when you join SVU by April 1,
you save 25% off 2021 membership!**

The benefits of SVU membership were created to help physicians and all professionals in the vascular lab advance their careers and the field of vascular sonography.

Nowhere else will you have the opportunity to ...

Expand Your Knowledge

Members have access to an incredible number of opportunities to earn **AMA PRA Category 1 CME Credits™** for FREE, ranging from webinars, online courses, virtual conferences, meetings, to *Journal for Vascular Ultrasound* and more.

As you know, you will need Vascular Ultrasound CMEs to keep your RPVI credential current. SVU has 40 CME's available immediately upon joining (a \$1,600 value) and up to 18 more available each year (worth almost \$800 more).
